INFORMATION DISCLOSURE STATEMENT

Enclosed is the International Search Report (2 pages) from the European Patent Office as the international searching authority from the present international application listing 3 references and their relevant portions.

In the International Search Report (2 pages in English) the references listed in category Y mean that these references are of particular relevance; the claimed invention cannot be considered to involve an inventive step when these documents are combined with each other, such combination being obvious to a person skilled in the art with respect to the listed claims. The references listed in category X mean each document is of particular relevance; the claimed invention cannot be considered novel or can not be considered to involve an inventive step when the document is taken alone with respect to the listed claims.

Since the International Search Report is in English and the relevant portions of these references are pointed out there in

English, and further the US Patent and the European and WO references are in English, no further pointing out of relevance is needed.

A PTO-1449 form is are presented listing all 3 references being submitted herewith.

This submission meets the requirements of 37 CFR §1.56, 1.97 and 1.98(a) and MPEP 609.

Respectfully submitted
Hans-Peter Stang
